- Strong problem solving and analytical skills
- Ability to learn Quickly

## Education

**Master of Computer Application,**

*Dr. Harisingh Gour Central University* ✨

2020 – 2022 | Sagar, India

8.34 CGPA

## Projects

### Social Media Website

Developed and implemented the **front-end** of a social media website using **HTML, CSS, JavaScript**, and **Bootstrap**, utilizing an **MVC architecture**. Successfully designed and implemented a **responsive user interface** utilizing **Bootstrap** for optimal user experience on all devices. Utilized **JavaScript** to enhance website interactivity and dynamic content loading. Implemented various features such as **user profiles, post creation and management system**. Resulted in a fully functional and visually appealing **user interface** for the social media platform.

### Online Code Editor

Implemented the functionalities of an **online code editor** to **test HTML, CSS, and JavaScript snippets**. The user interface was developed using **HTML, CSS** and core functionalities created using **React.js**. Utilized **advanced JavaScript concepts** to provide a seamless user experience, including **real-time code execution** and error highlighting. Optimized the performance and reduced the load time by implementing **code splitting and lazy loading techniques**.
